## Work Experience

### Game Design Intern

Blizzard Entertainment, Hearthstone 

JUNE 2022 - SEPTEMBER 2022

- Prototyped >100 card designs to create exciting new mechanics and strategies.
- Conducted 4 playtests every week to exchange feedback and assess performance of each class.
- Debugged ~15% of the cards in a new expansion to ensure a frictionless AAA experience.
- Worked with writers to design mechanics based on established characters and story.

### Lead Developer

Tech4Good Lab 

JANUARY 2020 - MARCH 2021

- Assigned tasks between 4 teams of devs to create a site for team-building games.
- Conducted multiple user studies over the course of 9 months and overhauled UI to streamline access to technical documentation.
- Fostered a safe, healthy, and communicative work environment as a team lead.

### Python Programming Tutor

UC Santa Cruz, Learning Support Services

SEPTEMBER 2019 - MARCH 2020

- Taught groups of university students how to program, debug, and problem-solve.
- Used multiple teaching methods to help students with different levels of prior experience.

## Education

### University of California, Santa Cruz

Computer Science: Computer Game Design

SEPTEMBER 2018 - JUNE 2023

## Skills

### Tools

Unity, C#, Javascript, Git, Excel, Jira.

### Techniques

Playtesting and iteration, design documentation, prototyping & scripting, learning proprietary tools quickly.

### Who I Am

Respectful of different ways of thinking, open to feedback, willing to ask questions.

## Independent Games

### DRACOMATON

Combat, Economy, and Level Designer

JANUARY 2023 - JUNE 2023

- Designed and implemented an action-packed combat system where players transform their robot to switch between movesets.
- Coordinated tasks for a team of 13 artists, programmers, and sound designers to meet design goals within a 20-week timeline.
- Used spreadsheets and design documents to balance abilities, items, and enemies.

### Chaotic Concoction

Designer, Artist

OCTOBER 2020 - DECEMBER 2020

- Designed an online card game with asymmetrical goals and distinct strategies.
- Used playtests to balance cards and create player interaction full of drama and betrayal.
- Wrote documentation on design goals, playtest feedback and card iteration.
